

Please Remember - School Closed for Teacher Only Day – Tuesday 6th March!!!

Open Day

Thank you everyone who made it along to our Open Sessions On Tuesday; 60% of our families attended. We are really heartened with this level of support. We also had three families with pre-school aged children join us during the day. We thoroughly enjoyed some socializing time at the end of both sessions. Wasn't that punch brew delicious!!

Thank you for asking your questions and interacting with the teachers. We are always willing to get your feedback as we continue to develop what we do.

If you weren't able to make it along on Tuesday and would like to find out more how we are implementing our learner-driven teaching philosophy, please make contact with me (rachela@teuku.school.nz or 8255815). I can arrange a tour of the classrooms and spend time with you sharing what we do.

Te Uku School Curriculum Survey

This year we are reviewing and revising our Te Uku School Curriculum (all school's develop their own curriculum in alignment with the NZ Curriculum). We are interested in gathering your views about learning for your child/ren. Could you please respond to the question below:

- What do you consider to be important for your child's learning at Te Uku School?

If you would like to email your response, please send it to bernardb@teuku.school.nz. Alternatively, you can send your **written response to the Office**. Your input will be valued so we hope you will be able to find the time to respond by Friday 9th March, thanks!!

Discovery Three (Years 5 and 6) will be joining the older children on 21st March. They are going to be staying at the old Forestry Camp at Wai-0-Tapu, near Rotorua. They have an exciting programme planned for the week. Parents have supported us well with their offers of transport and supervision, another big thanks from us!!

Junior Discovery Outdoor Education Programme

Although the Junior Discovery will not be holding an overnight camp at school this year, the teachers are planning some other outdoor ed activities for later in the term. The teachers will send out a newsletter with more details when their plans are ready to be shared.

Te Uku School Interschool Sport Teams Selection Guidelines

Sports events are an important part of the Te Uku School physical education programme. Interschool sports events can help students to develop skills in physical activity and team work, and build self-confidence. Some interschool sports events require a process of student selection. This may be due to limits on the number of student places available in a specific event and/or for appropriate event allocation. Te Uku School will be following the following guidelines to ensure the selection process is fair and transparent.

Guidelines:

- All students participating in such events must meet and display the participation requirements which include: positive attitude, required skills, be competitive, have a winning attitude
- Students will be informed of the selection process for all events prior to trying out for specific events

- Students successfully chosen for teams must meet the criteria outlined to all students prior to team selection
- A student may be relieved of a role/part if that student displays unacceptable behaviour during that activity
- The school is limited by the number of students permitted to participate by schools organising the events.
- Students will be consulted about how selection is to be made for an oversubscribed event which has limitations on the number of students that can attend

The following events have been identified as those that require selection of students:
