### Important Notice about 2018 Agricultural Day

Agricultural Days are an historical and valued annual tradition for rural families, their schools and communities, and we know the essential qualities it develops in our children. The arrival of Mycoplasma bovis has made us assess not only the logistics of managing biosecurity for Agricultural Day, but also the safety of the animals. After discussing all the information available to us, as a collective we agreed that our schools will NOT be holding Agricultural Day for 2018, but rather postpone it to 2019. Group Day will also be postponed until 2019.

We understand this may be disappointing for some families. This decision was not made lightly. The best interests of our communities are paramount. Consideration was given to the wellbeing of the animals, the biosecurity for our local farming communities and the industry as a whole.

Students can still enter a lamb or goat into the Waikato A&P show individually. We intend to keep researching best practise health and safety measures for Agricultural Day and return to these annual events in 2019.
